# MARCH QUARTER ACTIVITIES REPORT

The Directors of eMetals Limited (ASX:EMT)(eMetals)(Company) are pleased to submit the Quarterly Activities Report and Appendix 5B for the quarter ending 31 March 2024.

#### **HIGHLIGHTS**

- An initial reconnaissance and mapping program was completed at the Salmon Gums Project in the Albany Fraser Range Province of southern Western Australia in the previous quarter with results received from all 15 samples in the current quarter. No significant results were returned.
- An initial auger geochemical program has been designed at the Meka Project in the Murchison Region of Western Australia which is scheduled for the current quarter subject to contractor availability. The program is designed to geochemically assess a number of geophysical anomalies defined by the airborne survey completed in 2023.
- The Company maintains a strong cash position with \$3,837,000 in cash and 7,000,000 Minerals 260 Limited (ASX: MI6) ordinary shares.
- The Company is currently appraising a number of acquisition opportunities within the gold sector and will advise if and when commercial discussions materialise.

#### **SALMON GUMS PROJECT**

Salmon Gums holds four exploration licenses (E63/2049, E63/2066, E63/2126, E63/2127) covering an area of 219 blocks for a total of 630 square kilometers of the Eucla Basin in the Albany Fraser Range Province of southern Western Australia (**Project**) considered prospective for gold and rare earths elements.

The Project cover areas underlain by meta-granites of Archaean to Proterozoic age. These granitic rocks are situated within the Albany Fraser Orogen on the south and southeastern margins of the Yilgarn Craton. Outcrop of the meta-granites within the Project is rare with majority of the tenements overlain by Cainozoic sediments, aeolian sands and salt lakes.

An initial reconnaissance and mapping program was completed in the previous quarter which mapped access tracks and defined a number of target areas. A total of 15 calcrete and soil samples were collected with results received in the current quarter. No significant results were returned.

The Company is conducting a review of the prospectivity of these exploration licenses and the possibility of a further reconnaissance and mapping program on the target areas defined in E63/2049.

Figure 2: Salmon Gums sample areas on regional magnetics.

Figure 3: Salmon Gums Tenure

### MEKA PROJECT (E20/0976)

The Meka Project (E20/0976) is an unexplored magnetic anomaly located in the Murchison Region, approximately 110 kilometres west of Cue.

A number of magnetic anomalies lies directly along strike from the Gnangooragoo Complex on the interpreted terrane boundary between the Murchison Domain and the Narryer Terrane, and comprises a series of prominent magnetic features composed of both positive and negative amplitude magnetic anomalies. A number of these magnetic anomalies are present within proximity to the interpreted terrane boundary and represent exploration opportunities untested to date.

Following on from the recent reconnaissance and mapping activities the Company has designed an initial auger geochemical program which is scheduled for the current quarter subject to contractor availability. The program will initially target a number of geophysical anomalies defined by the airborne survey completed in 2023. This program has previously been delayed due to fire restrictions over the summer period which prevented the work proceeding. These fire restrictions have now been lifted.

#### -ENDS-

Shareholders and other interested parties can speak to Mr Sonu Cheema if they have any queries in relation to this announcement: +61 8 9463 2463.

#### Forward looking statements

This announcement contains forward-looking statements which are identified by words such as 'may', 'could', 'believes', 'estimates', 'targets', 'expects', or 'intends' and other similar words that involve risks and uncertainties. These statements are based on an assessment of present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as at the date of this announcement, are expected to take place. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors, many of which are beyond the control of the Company, the directors and our management. We cannot and do not give any assurance that the results, performance or achievements expressed or implied by the forward-looking statements contained in this prospectus will actually occur and investors are cautioned not to place undue reliance on these forward-looking statements. We have no intention to update or revise forward-looking statements, or to publish prospective financial information in the future, regardless of whether new information, future events or any other factors affect the information contained in this announcement, except where required by law. These forward looking statements are subject to various risk factors that could cause our actual results to differ materially from the results expressed or anticipated in these statements.

#### **Competent Persons Statement**

The information in this announcement that relates to Exploration Results is based on and fairly represents information and supporting documentation prepared by Mr Simon Coxhell. Mr Coxhell is a consultant geologist for eMetals and a member of the Australian Institute of Mining and Metallurgy. Mr Coxhell has sufficient experience relevant to the styles of mineralisation and types of deposits which are covered in this announcement and to the activity which they are undertaking to qualify as a Competent Person as defined in the 2012 edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves' ("JORC Code"). Mr Coxhell consents to the inclusion in this announcement of the matters based on his information in the form and context in which it appears.

4.5	Effect of movement in exchange rates on cash held	-	-
4.6	Cash and cash equivalents at end of period	3,837	3,837

5.	Reconciliation of cash and cash equivalents at the end of the quarter (as shown in the consolidated statement of cash flows) to the related items in the accounts	Current quarter \$A'000	Previous quarter \$A'000
5.1	Bank balances	34	63
5.2	Call deposits	-	-
5.3	Bank overdrafts	-	-
5.4	Other ((High Interest Account)	3,803	3,870
5.5	Cash and cash equivalents at end of quarter (should equal item 4.6 above)	3,837	3,933

6.	Payments to related parties of the entity and their associates	Current quarter \$A'000
6.1	Aggregate amount of payments to related parties and their associates included in item 1	53
6.2	Aggregate amount of payments to related parties and their associates included in item 2	-

Note: if any amounts are shown in items 6.1 or 6.2, your quarterly activity report must include a description of, and an explanation for, such payments.

7.	Financing facilities  Note: the term "facility' includes all forms of financing arrangements available to the entity.  Add notes as necessary for an understanding of the sources of finance available to the entity.	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
7.1	Loan facilities	-	-
7.2	Credit standby arrangements	-	-
7.3	Other (please specify)	-	-
7.4	Total financing facilities	-	-
7.5	Unused financing facilities available at quarter end		
7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
	-		

8.	Estimated cash available for future operating activities	\$A'000
8.1	Net cash from / (used in) operating activities (item 1.9)	(84)
8.2	(Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(13)
8.3	Total relevant outgoings (item 8.1 + item 8.2)	(97)
8.4	Cash and cash equivalents at quarter end (item 4.6)	3,837
8.5	Unused finance facilities available at quarter end (item 7.5)	-
8.6	Total available funding (item 8.4 + item 8.5)	3,837
8.7	Estimated quarters of funding available (item 8.6 divided by item 8.3)	39.43

Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.

8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: N/A

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: N/A

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: N/A

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.

# **Compliance statement**

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date:	26/04/2024
Authorised by:	By the Board(Name of body or officer authorising release – see note 4)

#### Notes

- 1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- 2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: Exploration for and Evaluation of Mineral Resources and AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
